Welcome message

On behalf of International Federation of Gynaecology and Obstetrics (FIGO), we would like to sincerely thank you for your consideration in sponsoring the XXVI FIGO World Congress of Gynecology and Obstetrics. Your support is vital in helping us advance our shared mission to improve women's health and rights across the world.

FIGO Montréal 2027 will bring together a truly global community of obstetricians, gynaecologists, clinicians, researchers, allied health professionals and policy makers in North America. Together, we will explore the latest advancements in women's health, share knowledge, and transform care worldwide.

Our Congress will feature a world-class scientific programme, alongside plenty of formal and informal opportunities for networking and collaboration. Sponsoring this event not only aligns your organisation with FIGO's mission but also places you at the heart of a landmark gathering that shapes the future of women's health.

We look forward to welcoming you to Montréal in 2027 and to sharing this exciting and impactful experience with you.

Professor Frank Louwen
FIGO President / Sponsorship
and Exhibition Subcommittee Chair

Dr Diane Francoeur
FIGO Honorary Treasurer /
SOGC CEO

Dr Ernesto Castelazo
Congress Organising
Committee Chair

About the host and partner

The International Federation of Obstetrics and Gynecology (FIGO) is the world's largest alliance of national obstetricians and gynaecologists (OBGYNs) societies. We harness our collective expertise to close critical gaps in women's healthcare, strengthen health systems, and ensure every woman has access to lifesaving medical services. Together, we shape a safer, healthier future for all.

FIGO unites women's health professionals in more than 140 countries. Our geographic reach and professional networks are crucial to share knowledge, foster global collaboration and reduce disparities in healthcare.

Our work is built on four pillars: education, research implementation, advocacy, and capacity strengthening.

We train clinicians and share evidence-based guidance. We turn research into action. We advocate globally – and locally – for women's rights and health. And we build resilient systems that reach those most in need.

With the strength of our diverse global community, we are determined to bring about real change and make a transformative impact on the lives of women and girls worldwide.

The Society of Obstetricians and Gynaecologists of Canada (SOGC) is one of Canada's foremost national specialty organizations, dedicated to advancing women's health through education, clinical excellence, and collaborative professional practice. As the national voice for women's health, their vision focuses on promoting equitable, high-quality health care for women, enhancing clinical practice through education and research, and advocating for women's health rights both nationally and internationally.

The SOGC's mission is to support our members in delivering high-quality, inclusive obstetric and gynaecological care driven by scientific innovation and evidence-based decision-making. Guided by a vision in which all women and gender-diverse individuals have the right to equitable, high-quality sexual and reproductive health care, the Society of Obstetricians and Gynaecologists of Canada (SOGC) advances care through clinical guidance, education, advocacy, and global collaboration.

Through partnerships across Canada and internationally, the Society advocates for equitable access to care and works to improve sexual and reproductive health outcomes, particularly for underserved and vulnerable populations.

About the city and venue

Montréal

Set on an island in the St. Lawrence River, Montréal is one of North America's most vibrant and internationally connected cities. Known for its blend of European charm and North American energy, Montréal offers a welcoming, multicultural environment that makes it an ideal destination for global scientific collaboration.

As Canada's second-largest city and a major hub for research, innovation and life sciences, Montréal is home to world-class universities, hospitals and research institutes. The city plays an important role in advancing healthcare and biomedical innovation, creating a strong backdrop for the global mission of FIGO.

Consistently ranked among the world's top destinations for international meetings and conventions, Montréal combines excellent accessibility with a vibrant cultural scene. From the historic charm of Old Montréal to its renowned culinary and festival culture, the city provides an inspiring setting for networking, collaboration and discovery beyond the Congress programme.

Palais des Congrès

The emblematic Palais des Congrès of Montréal, also known as the Montréal Convention Centre, is reputed worldwide for its architecture and innovative spirit. The Palais has been a vector of creativity and inspiration since 1983 and is today the leading international convention centre in the Americas.

Steeped in history and forever evolving, the Palais is a place of knowledge, sharing, and exchange where visitors can expect outstanding service and memorable experiences in an exceptional environment. It is conveniently located in the heart of the city, nearby the Quartier des Spectacles and Old Montréal. The Palais des Congrès promises an unforgettable FIGO Montréal 2027, delivered with Montréal's trademark creativity, experiential flair and knowhow.

It is a unique venue blending design and sustainability, with its iconic colourful carbon-neutral building, responsible supplying and community engagement – leading the way towards substantial changes in the event hosting industry. The Palais is environmentally responsible out of conviction. At the Palais, sustainable development goes beyond the environment; it seeks to meet the needs of visitors while respecting as much as possible the needs of generations to come.

Themes and topics

Congress theme: *Driving innovation, equity and excellence in women's health.*

Theme

Stream name	Stream topics	
Maternal fetal medicine Leader: Professor Liona Poon, Hong Kong	1.1. Prenatal diagnosis, genetics, therapy and surgery 1.2. Nutrition in pregnancy and breastfeeding 1.3. Ultrasound in pregnancy	1.4. Why support FIGO Montréal 2027

Partnering with the XXVI FIGO World Congress of Gynecology and Obstetrics positions your organisation at the forefront of advancing women's health worldwide. Your support helps strengthen education, drive research and improve access to care, while aligning your brand with a globally respected mission.

FIGO is the world's largest alliance of obstetricians and gynaecologists societies, representing over 140 member societies. Our World Congress is the leading global event in women's health, bringing together more than 8,000 obstetricians, gynaecologists, allied health professionals, policy-makers and advocates from across the globe in North America.

Global reach

Engage with an international audience of healthcare professionals representing 140+ national societies.

Powerful brand visibility

Elevate your organisation's profile through prominent exposure across the Congress and position your brand on the global stage.

High-level networking

Connect face-to-face with clinicians, researchers, policy-makers and healthcare leaders working across the women's health ecosystem.

Strategic engagement

Generate new leads, gain valuable insights and strengthen relationships with current and potential partners.

Showcase innovation

Present your latest technologies, products, research, and solutions to a highly focused audience shaping the future of obstetrics and gynaecology.

Support women's health worldwide

Align your organisation with FIGO's mission to improve women's health globally and support initiatives that expand education, research, and capacity building.

Let's become partners

The team of FIGO Montréal 2027 will work closely with partners to create tailored experiences aligned with their objectives, including but not limited to:

- Launch innovations to a global audience
- Engage key opinion leaders through targeted discussions
- Deliver high-value scientific education to clinicians
- Build strategic partnerships with NGOs and policymakers
- Showcase technologies through immersive, hands-on experiences
- Present data and insights through curated scientific sessions
- Drive targeted engagement through focused presentations
- CSR initiatives through bursaries and fellowship programmes that support the inclusion of early career/LIC OBGYNs in Congress
- Host private meetings and advisory boards with key stakeholders
- Strengthen relationships with priority clients and partners
- Generate high-quality leads and expand your global reach
- Capture real-time insights from healthcare professionals
- Elevate your brand across a leading international Congress
- Associate your brand with innovative, high-impact activations that create memorable delegate experiences

The complete partnership prospectus, detailing all sponsorship opportunities - advertising, networking events, and more - will be available in **summer 2026**.

In the meantime, we invite you to explore the exhibit opportunities and various sponsorship levels outlined in the subsequent pages.

Contact us

Please contact our Partnership Sales Manager to begin discussions on how your organisation would like to support and participate in the XXVI FIGO World Congress of Gynecology and Obstetrics.

Tess Brown

Partnership Manager – FIGO Montréal 2027

Sponsorship levels

Partnering with FIGO Montréal 2027 provides a strategic platform to elevate your brand, foster high-value connections, and drive meaningful engagement.

To reach a sponsorship level, you can:

- Design your own sponsorship package by choosing items from the options shown in the upcoming prospectus (booths, advertising opportunities, networking events, brand exposure, interactive activities and more) **or**;
- Make a general contribution to the Congress, **or**;
- Choose a combination of items and general contribution.

	Diamond USD 250,000	Platinum USD 150,000	Gold USD 100,000	Silver USD 60,000	Bronze USD 35,000	Copper USD 20,000
Congress registration	10	8	6	4	2	1
Priority selection for symposium date and/or booth location*	1 st group	2 nd group	3 rd group	4 th group	5 th group	6 th group
Verbal recognition during Opening Ceremony	✓					
Material hand-out at registration desk	✓					
Stand-alone partner spotlight email	2	1				
Mobile app push notification	3	2	1			
Thank you post on social media	✓	✓	✓			
Acknowledgement on session holding slides	✓	✓	✓	✓	✓	✓
Logo recognition on onsite signage and Congress website and mobile app	✓	✓	✓	✓	✓	✓
"Credits"*** to select sponsorship and exhibit opportunities	250,000	150,000	100,000	60,000	35,000	20,000

*Priority selection of industry symposium dates and exhibition space will be allocated based on sponsorship level and order of commitment, until the exhibition floor plan and symposium timeslots are released (anticipated March 2027).

Following this initial allocation, all subsequent sponsors will be assigned on a first-come, first-served basis, regardless of sponsorship level.

*** Using your sponsorship level "credits", your organisation will be able to select items, such as an industry symposium session, mobile app, branding, exhibit booth and more, creating your tailored package.

Exhibit opportunities

The exhibition is a vital part of the FIGO Montréal 2027, so our priority is to make it a great success, by ensuring that all exhibitors receive prime exposure, direct networking and marketing opportunities with key players and decision makers in the field.

We have created a new package exclusively for our exhibitors that will enhance your exposure with Congress attendees.

Type	Early rate (until Dec 2026)	Regular rate (from Jan 2027)
In-line booths (10'x10')	USD 8,500	USD 9,500
Peninsula booth (10'x20')	USD 17,000	USD 19,000
Space only (min 10'x20')	USD 85 per sq ft	USD 95 per sq ft
Non-profit table-top	USD 1,000	USD 1,500
Start-up kiosk*	USD 3,000	USD 4,000
Publisher space	USD 3,000	USD 3,500
Medical affairs built-in meeting rooms (10'x20')	USD 22,000	USD 24,000

Each exhibit space (10'x 10') includes:

- Two (2) exhibitor badges (access to Exhibit Hall only).
- Up to one (1) table, (2) two chairs and a wastebasket, pipe and drape structure.
- Display panel with Exhibitor name.
- Congress website listing – including logo, weblink and 50-word description.
- Access to the participants list 60/30 days before the Congress (list does not include contact information and is based on consent only).
- Maximum of four (4) additional Exhibitor Badges per each 10'x10' (3x3 m) booth size at USD 300 per badge.
- Logo recognition on the Congress mobile app.

**This category is designed to support emerging companies bringing innovation to the field. To qualify, organisations must be in the early stages (5 years or less) of commercialisation and have limited market presence. Start-up status is subject to review and approval by the organising committee. Interested companies will be required to submit an application for review.*

Booking

The exhibitor online booking will start one month after we launch the full partnership prospectus in summer 2026. To ensure you receive the full partnership prospectus as soon as it is released, please [click here](#) to register your interest, and we will send you the details as soon as they become available.

Space allocation

Exhibit space allocation will start in March 2027, and level sponsors will have first choice in selecting booth location, followed by exhibitors on a "first-booked, first-served" basis, as long as payment is received.

Exhibitor manual

A manual documenting all relevant showcasing information will be available 4-6 months before FIGO Montréal 2027. It will also include the order forms for additional booth accessories and special requests (i.e. power, lighting, display materials, graphics, food and beverage, lead retrieval etc.).

Exhibitor packages (limited opportunities available)

Designed for partners looking to maximise their presence, exhibitor packages combine booth space with additional visibility opportunities.

These curated packages offer a streamlined and cost-effective way to enhance brand exposure, increase engagement with delegates, and stand out beyond the exhibition floor, without needing to navigate multiple sponsorship options.

Type	Booth space	Package 1 USD 3,500	Package 2 USD 6,500	Package 3 USD 12,500
Exhibit space (booth type selected)	✓	✓	✓	✓
Banner ad on FIGO Montréal 2027 website		✓	✓	✓
Video on FIGO Montréal 2027 website (Exhibitor page)			✓	✓
VIP tour (NEW)				✓

Banner ad on FIGO Montréal 2027 website

Your banner ad will be placed on specific pages of the FIGO Montréal 2027 website, allowing delegates to click on your company's ad and be redirected to your webpage. Final banner to be provided by the exhibitor upon receipt of the specifications sent by the Congress secretariat.

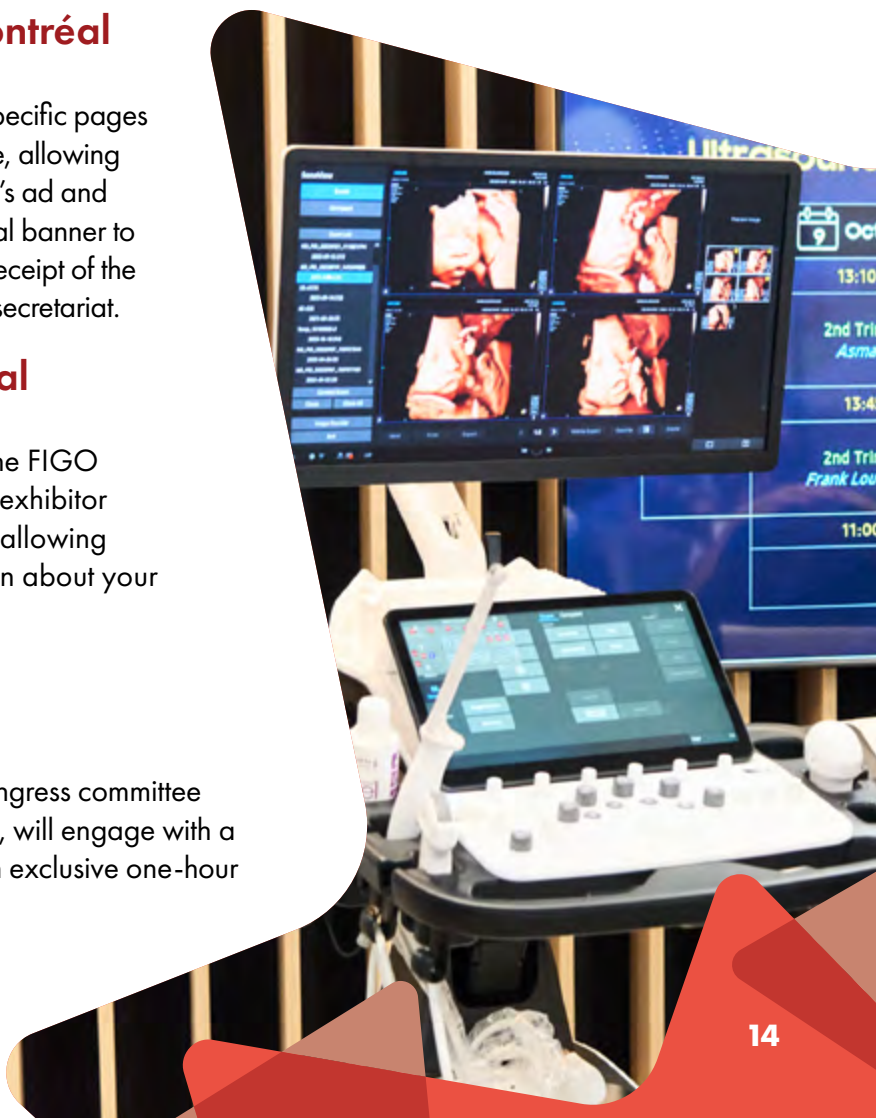

Video on FIGO Montréal 2027 website

A video link will be available on the FIGO Montréal 2027 website with your exhibitor description, logo and website link allowing attendees to have more information about your company before the live event.

VIP tour

Key decision-makers, including Congress committee members and invited VIP attendees, will engage with a select group of exhibitors during an exclusive one-hour tour of the exhibition hall.

Industry-supported symposia (ISS)

Hosting a symposium at FIGO Montréal 2027 provides a valuable platform for your organisation to highlight innovative therapies, technologies or services while connecting directly with a targeted audience.

Session	Time	Dates	Fee (USD)	Concurrent (per day)
Morning ISS	07:00 – 08:00	1 – 4 November	30,000	3
Afternoon ISS	12:30 – 13:30	1 – 4 November	60,000	4

Benefits

- 60 minutes of speaking opportunity, including questions and discussion
- Standard audio-visual package, including projector, screen and podium microphone
- 15-minute set-up period
- Opportunity to have a pre-meeting with the Congress Secretariat to review all details
- Option to conduct a rehearsal with speakers and the audio-visual team (additional fees may apply)
- Two lead retrieval devices, with one table and two chairs for organiser staff
- Listing on the Congress website and mobile app, including date, time, location and agenda
- Inclusion in the industry symposia e-blast sent to registered delegates
- Listing on dedicated onsite signage, including session title, date, time, location and logo

Date and room

Date and room selection will be allocated based on sponsorship level, stated preferences and order of commitment (anticipated in the second quarter of 2027).

Following the initial allocation, all subsequent sponsors will be assigned on a first-come, first-served basis, regardless of sponsorship level.

Food and beverage

Symposium organisers are encouraged to offer food and beverages to their audience. All catering costs are separate from the speaking opportunity fee. Additional information will be provided in the ISS guidelines.

Additional services *(subject to additional fees)*

- Additional audio-visual equipment can be ordered through the Congress Secretariat
- Simultaneous interpretation can be provided during the live symposium
- Session recording is available, with or without interpretation
- Food and beverage

Opportunities for flash symposium will be listed in the full prospectus
